

# EMPLOYER BIKE SERVICES

iCommute offers complimentary employer bike services to encourage biking to work as an everyday transportation choice.

## Get your employees ready for Bike to Work Day

- **Bike Maintenance Safety Check** - This one-hour event includes an onsite safety check for tires, brakes, chain, gears, seat, nuts, and bolts.
- **Bike Class** - The San Diego County Bicycle Coalition offers an onsite bike safety and bike commuting presentation to encourage new commuters. The 45-minute presentation includes a Q&A, safety tips, and information on the law.
- **BLT Rides\* (Bike and Learn Together)** - Choose from a beginner ride to get employees comfortable on bikes, or a commuter ride designed to show small groups of employees a safe route to commute to work. Both rides are guided by San Diego County Bicycle Coalition instructors at a ratio of 1:6.

*\*Only iCommute Diamond Award recipients are eligible.*

Registration is on a first-come, first-served basis. For more information visit the Bike Month page at [511sd.com/iCommute](http://511sd.com/iCommute).
